

REPAIR TO RUIN

LONDON HEAVY ROCK THREE-PIECE

Big drums, drop-tuned riffs, a driving bass, gritty melodic vocals and choruses made to be shouted back. Repair To Ruin rose from the ashes of Six Second Silence, released their debut album in 2015 and the singles *Broken*, *Tonight* and *Starlight* in 2019. They have played Camden Rocks Festival and venues across London and the East of England. Now they're back, with new music on the way.
